IT’S THIS EASY TO PICK UP RABIES

Did you know...
• Rabies is a deadly disease transmitted in saliva
• Unvaccinated dogs can be infected with the rabies virus
• Bites from rabid dogs cause many human deaths, but Rabies is a preventable disease

Protect yourself, your family and your community against rabies:
• Vaccinate dogs regularly and avoid dog bites
• Avoid contact with stray or roaming animals
• If bitten, wash the wound thoroughly with soap and water, seek medical care immediately
