## INTERAFRICAN BUREAU FOR ANIMAL RESOURCES BUREAU INTERAFRICAIN DES RESSOURCES ANIMALES

Kenindia Business Park Building, Museum Hill, Westlands Road P. O. Box 30786, 00100-Nairobi, Kenya, Telephone: 254-20-3674000, Fax: 254-20-3674341 Email: ibar.office@au-ibar.org, www.au-ibar.org

## **TERMS OF REFERENCE**

# FOR RECRUITMENTS OF INDIVIDUAL CONSULTANTS

## FORMULATION OF NATIONAL L BLUE ECONOMY STRATEGIES

## SUPPORT TO SELECTED AFRICAN UNION MEMBER STATES

## **Background:**

The African Union Inter-African Bureau for Animal Resources (AU-IBAR), a specialized technical office of the Department of Rural Economy and Agriculture (DREA) of the African Union Commission (AUC), is mandated to support and coordinate the utilization of livestock, fisheries, aquaculture and wildlife as resources for both human wellbeing and economic development in the Member States of the African Union. The Vision of the AU-IBAR Strategic Plan 2018-2023 is an Africa in which animal resources contribute significantly to integration, prosperity and peace. AU-IBAR's intervention in the fisheries and aquaculture sector is guided by the Policy Framework and Reform Strategy for fisheries and aquaculture in Africa (PFRS) which is aimed at improving governance of the sector for increased sustainable contribution to food security, livelihoods and wealth creation. Also within the framework of the African Union Agenda 2063, the Africa Blue Economy Strategy environed an inclusive and sustainable blue economy that significantly contributes to Africa's transformation and growth.

The Global Conference on Sustainable Blue Economy was organized in Nairobi, Kenya in November 2018. African leaders at the Conference directed the African Union to work with relevant stakeholders to develop a blue print of Africa's Blue Economy Strategy that will guide sustainable development and utilization of resources of the Oceans, Seas, Lakes and Rivers for blue economy growth and livelihoods.

Accordingly the African Union Inter-African Bureau Animal Resources (AU-IBAR) was requested by the Commissioner of Rural Economy and Agriculture of the African Union Commission to lead the process of formulation of the Africa Blue Economy Strategy. The Africa Blue Economy Strategy was eventually developed and subsequently endorsed in October 2019 by the African Union Specialized Technical Committee on Agriculture, Rural Development, Water and Environment (STC-ARDWE).

The Africa Blue Economy Strategy is consolidated based on the following five detailed thematic areas considered critical to the Africa blue economy growth:

- 1. Fisheries, aquaculture, conservation and sustainable aquatic ecosystems
- 2. Shipping/transportation, trade, ports, maritime security, safety and enforcement
- 3. Coastal and maritime tourism, climate change, resilience, environment, infrastructure
- 4. Sustainable energy and mineral resources and innovative industries
- 5. Policies, institutional and governance, employment, job creation and poverty eradication, innovative financing

The Africa Blue Economy Strategy and the Annexes can be sourced from the following link: http://repository.au-ibar.org/

The STC-ARDWE in October 2019 made further recommendations as follows:

- i. The African Union Commission to support adequate awareness creation, capacity building and sharing of best practices of the application of the Blue Economy concept;
- ii. The African Union Commission to support setting up Blue Governance mechanisms to ensure planning and coordination at continental, regional and national levels; and
- iii. The African Union Commission to mobilize resources for the implementation of Blue Print for Africa's Blue Economy Strategy.

In light of the above recommendations, the AU-IBAR, through support from the Kingdom of Norway, is planning to provide technical assistance to 4 (four) African Union Member States (AU MS) towards formulation of their National Blue Economy Strategies, implementation plans and corresponding framework for setting up National Blue Governance Mechanism in each of the AU member states. In this regard individual consultants with relevant qualifications, expertise and experience in blue economy related disciplines, would be required to undertake this technical assistance in each of these countries

The Technical Assistance to the Development of National Blue Economy Strategies would initially target the following African Union member states.

No.	AU member States for Technical Assistance
1	Republic of the Madagascar
2	Republic of the Congo
3	Federal Republic of Somalia
4	Republic of Burkina Faso

# **Objectives of the assignment**

The objective of this assignment is to **recruit suitably qualified individual consultant for each of the AU member states,** with expertise on issues that are critical to Africa blue economy development, to develop national blue economy strategies, implementation plans and corresponding frameworks for blue governance coordination mechanisms for 4 (four) African Union member states.

The specific objectives will be:

- To conduct review of existing instruments, institutions relevant to blue economy in the selected AU member states
- To develop national blue economy strategies for the selected Africa Union Member States and the implementation plans
- To design develop framework, specific to each selected AU member states, for setting-up a national blue governance coordination mechanism
- Facilitate stakeholders' workshops, virtual or physical, for validations of the draft national blue economy strategies, implementation plans and the blue governance coordination mechanism in each selected AU member state
- To prepare report on the consultancy, including lessons and best practices

## Methodology of conducting the assignment

During the consultancy, the individual consultant for each of the member states is expected to:

- Gain access to, and be thoroughly conversant with, the Africa Blue Economy Strategy, the Implementation Plan, framework for blue governance coordination mechanism documents and other relevant documents (related global initiatives, instruments and best practices)
- Review national instruments related to blue growth in the selected AU member states
- Identify and interview with national institutions with mandates in blue economy sector
- Consult electronically and/or virtually with relevant staff at AU-IBAR, AUDA-NEPAD, and relevant AUC Depts.
- Participate and support facilitation of national stakeholders' workshops to validate the draft national blue economy strategies, implementation plans and frameworks for national blue governance coordination mechanisms
- The formulation of the national blue economy strategies, implementation plans and the national blue governance coordination mechanisms should be guided by the Africa Blue Economy Strategy and its Implementation Plans, continental framework for blue governance coordination mechanism as well as global best practices,

#### **Deliverables/Outputs**

The successful consultant for each AU member state will be expected to submit to the Director, AU-IBAR:

• A draft inception report within five days (5) calendar days of signing the contract. The inception report should demonstrate a clear understanding of the assignment by the individual consultant. The report should also include a detailed work plan, timelines and deliverables of the assignment

- First draft (after 20 days) of the national Blue Economy Strategy, implementation plans and framework for Blue Governance Coordination for each of the selected African union member states that will be circulated electronically for inputs by the AU member states, AU-IBAR, AUDA-NEPAD, relevant AUC Departments.
- The second draft (after 30 days) of national blue economy strategy, implementation plans and framework for blue governance coordination mechanisms will incorporate all comments and suggestions made by the above institutions
- Final draft of the documents will be validated at the national validation workshops (virtually or physically as appropriate) with comments and suggestions incorporated to produce final validated documents
- A comprehensive report on the consultancy with lessons and best practices

## Qualification

The individual consultant selected for each member state should possess advanced degree in blue economy related discipline: i.e. natural (marine) resources economics; ocean sciences; including climate change and environmental related studies. PhD degrees in relevant discipline would be an added advantage.

### **General experience**

The successful individual consultant selected for each AU member state is expected to have the following experiences:

- 1. At least 5 years' experience or familiarization on blue economy sector development
- 2. Record of awareness creation and capacity building of stakeholders (member states, NSAs,) on Africa blue economy concepts
- 3. Record of formulation of monitoring and evaluation frameworks for implementation of strategies for natural resources governance
- 4. Record of formulation of relevant policies, strategies and frameworks in AU member states to support elements of blue economy resources development in Africa
- 5. Evidence of facilitating workshops on blue economy related issues

#### **Specific experience:**

- 1. Evidence of formulation of blue economy strategies at national levels in Africa
- 2. Good record of working with relevant national institutions dedicated to Africa blue economy sector
- 3. Evidence of designing mechanisms for coordinating blue governance for e inclusive blue economy resources development in Africa
- 4. Familiarization of relevant AU instruments supporting blue growth in Africa
- 5. Record of field experiences and familiarization with priority issues in AU member states with blue economy development initiatives

#### Other essential attributes:

- Record of good writing skills and scientific publications in relevant fields or disciplines in blue economy
- 2. Record of delivery assignment within tight schedules
- 3. Proficiency in at least two AU official languages

#### **Evaluation criteria and scores**

Criteria	Scores
Qualifications	20
General experience	20
Specific experience	35
Methodology and	10
approach	
Other skills (writing	10
skills, computing	
skills, publications)	
Proficiency in AU	5
Languages	

## Time frame for conducting the assignment

The duration of this assignment is 40 days but conducted within 60 days

#### **Selection Criteria**

The consultancy will be awarded on the basis of evaluation of CV (s), and of the following proposals submitted by the consultant to AU-IBAR:

• A Technical proposal on how the applicants will accomplish the assignment: detailed description of the approach and proposed methodology including qualifications and experiences

## • A Financial proposal

The maximum consultancy fee is USD 12000 per AU member state selected. No other costs will be paid for

## Payment schedule for each individual consultant:

- 1. 20 % payment for first approved draft of the regional blue economy strategy, Implementation plans and framework for coordination mechanism
- 2. 30 % payment of the second approved draft regional blue economy strategy, Implementation plans and framework for coordination mechanism
- 3. 50 % payment for final approved regional blue economy strategy, Implementation plans and framework for coordination mechanism

Not more one AU member state can be awarded to an individual consultant.

## Supervision and approval of report

Under the supervision of the AU-IBAR Fisheries Management Expert with oversight supervision by the Director of AU-IBAR.

### **Equipment**

The consultant will use own laptops and other data capturing equipment deemed necessary during execution of the assignment.

#### Insurance cover

The consultant will be responsible for own medical and life insurance cover for the duration of the assignment.

## **Applications**

- 1. A consultant can apply only for one AU member state
- 2. A consultant should submit a Technical proposal
- 3. Interested candidates should submit their applications accompanied by a detailed CV, copies of both academic and professional certificates and testimonials, names and addresses of three reputable referees, contact details (e-mail, telephone) by email to: procurement-210918-1@au-ibar.org with copies to alexander.eyong@au-ibar.org, by 10 October 2021 15:00 Kenyan Time.

### **Personal Data Protection and Privacy**

A Personal Data Protection and Privacy Statement is also attached as information for the applicants.
